**Subject:** Coordination on Lac du Flambeau TEA

Dee,

I am reviewing the goals, milestones, plans, and needed EPA assistance for the first priority in the TEA, the Tower Standard Haskell Lake LUST site and other sites in Lac du Flambeau Indian Country. I have some information about what we think is possible on our end. I also have some questions. Could we talk in the next few days? I would like to have some discussions with you, Larry or Kristen before we make comments on the TEA language.

I look forward to talking with you.

Sherry
